

Bibliography

ACRONYM KEY

AMP: Adaptive Management Plan
 BCDC: (San Francisco) Bay Conservation and Development Commission
 CALFED: CALFED Bay-Delta Program
 CANOD: California Aquatic Non-native Organism Database
 CEMAR: Center for Ecosystem Management and Restoration
 CEQA: California Environmental Quality Act
 CVP: Central Valley Project
 DIP: Delta Improvement Package
 DFG: California Department of Fish and Game
 DHS: California Department of Health Services
 DWR: California Department of Water Resources
 ESU: Evolutionarily Significant Unit
 GCM: General Circulation Model
 GGNRA: Golden Gate National Recreation Area
 IEP: Interagency Ecological Program
 IRWM: Integrated Regional Wetland Monitoring Program
 ISP: Invasive Spartina Project
 MLML: Moss Landing Marine Lab
 MWD: Metropolitan Water District of Southern California
 NEPA: National Environmental Policy Act
 NMFS: National Marine Fisheries Service
 NOAA: National Oceanic and Atmospheric Administration
 NOS: National Ocean Service
 OEHHA: California Office of Environmental Health Hazard Assessment
 PBDE: Polybrominated Diphenyl Ether
 PEEIR: Pacific Estuarine Ecosystem Indicator Research
 PRBO: PRBO Conservation Science,
 formerly Point Reyes Bird Observatory
 PWA: Philip Williams & Associates
 RCD: Resource Conservation District
 SBSP: South Bay Salt Pond Restoration Project
 SFBBO: San Francisco Bay Bird Observatory
 SFB CDC: San Francisco Bay Conservation
 and Development Commission
 SFB JV: San Francisco Bay Joint Venture
 SFB RWQCB: San Francisco Bay Regional Water Quality Control Board
 SFEI: San Francisco Estuary Institute
 SFEP: San Francisco Estuary Project
 SFSU: San Francisco State University
 STRAW: Students and Teachers Restoring a Watershed
 SWP: State Water Project
 SWRQB: State Water Resources Control Board
 TBI: The Bay Institute
 TMDL: Total Maximum Daily Load
 UC: University of California
 USF: University of San Francisco
 USACOE: United States Army Corps of Engineers
 USBR: United States Bureau of Reclamation
 USDA: United States Department of Agriculture
 USEPA: United States Environmental Protection Agency
 USFWS: United States Fish and Wildlife Service
 USGS: United States Geological Survey

PRESENTATIONS*

Anderson, S.L., G.N. Cherr, S.G. Morgan, R.M. Higashi, W.A. Bennett, S.L. Ustin, UC Davis, R.M. Nisbet, A. Brooks, UC Santa Barbara. Do Contaminants Harm Estuarine Habitat Quality? Just Ask the Fish!

Bobker, Gary, The Bay Institute. When, Not If: The Friant Case and Its Implications for Restoring the San Joaquin River and the Bay-Delta.

Bodovitz, Joe, California Environmental Trust. Forty Years Since BCDC's Creation: What Do the Next Forty Hold?

Brodberg, Robert, California Environmental Protection Agency. Fish Advisories and You.

Brown, L.R., USGS. Alien and Native Fish Assemblages of the Lower San Joaquin River Watershed.

Cain, John R., Natural Heritage Institute. Dutch Slough: The Promise of Restoration and the Challenge of Adaptive Management.

Callaway, J.C., University of San Francisco, L.M. Schile, M.C. Yasey, V.T. Parker, San Francisco State University. Elevation, Inundation, and Vegetation: Implications for Restoration.

Cochrane, S., City of Oakland, M. Lariz, Stevens and Permanent Creeks Watershed Council, M. Latta, Save SF Bay Association, W.M. Lee, Golden Gate National Parks Conservancy, S. Mendel, Don Edwards San Francisco Bay National Wildlife Refuge. State of the Stewards, A Discussion about Volunteer Efforts.

Coglianesi, Marci, City of Rio Vista. Re-Inventing the Delta: The Call for a New Vision.

Cohen, A.N., SFEI. Progress on Preventing the Introduction of Exotic Species.

Collins, J.N., SFEI. The Next Generation of Restoration Planning: Linking Wetlands to Watersheds.

Faber, P.M., Phyllis M. Faber and Associates, P. Williams, J. Lowe, PWA, G. Davis, The Bay Institute. Lessons Learned: Design Guidelines for Tidal Wetland Restoration in the Bay.

Falkner, M.B., California State Lands Commission. On the Front Line of Prevention - California's Marine Invasive Species Program.

Geupel, G.R., N. Nur, R. Cormier, J.N. Wood, C. Howell, PRBO. Using Birds to Assess Response to Habitat Restoration in the San Joaquin Valley.

Grijalva, Erik, San Francisco Estuary Invasive Spartina Project. Current Status of Non-Native *Spartina* Control in the Estuary.

Guivetchi, Kamyar, DWR. California Water Plan 2005: A Framework for Action.

Hanak, Ellen, Public Policy Institute of California. California 2025: Putting the Estuary into the Big Picture.

Hancock, Russell, Joint Venture: Silicon Valley Network. How the Economic Engine of the Bay Area is Changing: Implications for Environmental Stewardship.

Herzog, M., N. Nur, D. Stralberg, L. Liu, N. Warnock, PRBO, K. Tuxen, M. Kelly, UC Berkeley. Response of Birds to Vegetation, Habitat Characteristics, and Landscape Features in Restored Marshes.

Hitchcock, Nadine, California Coastal Conservancy. Looking to the Future: Where Are We Headed in the Next Ten Years?

Huning, B., S. Scoggin, SFBJV, SFBJV: Successes in Protecting and Restoring the Bay.

Hutzel, A., T. Gandesbery, California Coastal Conservancy. North Bay Restoration: Napa Salt Ponds and Hamilton Airfield.

Jacobsma, Ron, Friant Water Users Authority. San Joaquin River Restoration Challenges.

Jassby, A.D., UC Davis, E. Van Nieuwenhuysse, USBR. Low Dissolved Oxygen in the Tidal San Joaquin River: Mechanisms and Models Based on Long-Term Time Series.

Johns, G.E., DWR. Water Planning in the Delta: A Case Study in Management Adaptability.

Kelly, Maggi, UC Berkeley. Prospects for Wetland Restoration in San Francisco Bay: A Landscape Ecology Perspective.

Kimmerer, W.J., J. Durand, Romberg Tiburon Center for Environmental Studies, San Francisco State University. Searching for Clues to Declines in the Delta Pelagic Food Web.

Lindley, S.T., R. Schick, R.B. MacFarlane, NOAA, B.P. May, UC Davis, J.J. Anderson, University of Washington, S. Greene, DWR, C. Hanson, Hanson Environmental, Inc., A. Low, D. McEwan, DFG, C. Swanson, The Bay Institute, J.G. William. Status of Chinook Salmon and Steelhead in the Central Valley and San Francisco Bay.

Lundquist, T.J., N.W.T. Quinn, Berkeley National Laboratory. Adaptive Real-Time Management of Water Quality in the San Joaquin River Basin.

McBain, S.M., McBain and Trush, Inc. Can We Restore Healthy River Function on the San Joaquin River?

Mount, J.F., UC Davis. The Serial Engineering of the Delta: Can It be Stopped?

Nur, N. PRBO, P.R. Baye, Annapolis Field Station. Evaluating Restoration Success from the Perspective of Plants and Animals.

Orr, M., C. May, P. Williams, PWA, M. Lionberger, D. Schoellhamer, USGS, S. Rottenborn, R. Duke, H.T. Harvey & Associates, D. Stralberg, M. Herzog, PRBO, S. Ritchie, South Bay Salt Pond Restoration Project. Tools for Assessing Landscape-Scale Habitat Changes in Wetland Restoration Planning.

Pawley, Anita, C. Swanson, P. Vorster, The Bay Institute, R. Hoenicke, B. Thompson, SFEI. Indicators for San Francisco Bay: "Scorecard" Update, New Developments, and Linkages to Regional and National Efforts.

Quinn, Tim, MWD. The Role of Science in the Estuary.

Ritchie, Steve, South Bay Salt Pond Restoration Project. Evaluating Restoration Success: The Human Angle.

Schroeter, R.E., P.B. Moyle, UC Davis. Aquatic Community Structure and Productivity of a Large Brackish Tidal Marsh in the Upper San Francisco Estuary: The Relative Contribution to the Estuarine Food Web and Insights into Restoration Benefits.

Schubel, J.R., Aquarium of the Pacific. Stewards and Scientists: The Imperative for Collaboration.

Siegel, Stuart, Wetlands & Water Resources. Long-Term, Large-Scale Wetland Monitoring in the SF Estuary: Needs and Prospects.

Simenstad, C., E. Howe, J. Toft, University of Washington, S. Bollens, Washington State University Vancouver. Food Web Sources and Pathways in Restoring Tidal Wetlands: Will They Benefit the Bay?

Sommer, T., A. Mueller-Solger, M. Nobriga, DWR, C. Armor, R. Baxter, P. Coulston, DFG, M. Chotkowski, USBR, B. Herbold, USEPA. Where Have All of the Pelagic Fishes Gone?

A Note to State of the Estuary Conference Participants

This report includes a mixture of original unpublished and published research presented at the October 2005 State of the Estuary (SOE) conference.

Thank you to all those who responded to our call for updated abstracts after the conference. The Estuary Project appreciates your extra work in helping us put together this report. Due to budget and space constraints, information from some posters and presentations could not be included in this report, especially if not submitted in digital form as requested soon after the conference. Apologies to any of those we were not able to include. Information from all posters and presentations can still be found in the original conference abstract book.
