Subject: CALFED Science Program Report for the 2-Gates Fish Protection Demonstration Project, letter dated October 5, 2009

Dear Dr. Dahm:

I appreciate the CALFED Science Program for organizing and overseeing the Independent Review Panel (Panel) evaluation of the 2-Gates Fish Protection Demonstration Project (Demonstration Project). Comments from the Panel at the public workshop on August 6, 2009, and the subject report itself will refine the design and effectiveness of the Demonstration Project.

Once again, thank you for your efforts and we look forward to working with the CALFED Science Program in the future.

Sincerely,

Donald R. Glaser
Regional Director
